CAPPA Eagle license guide

Windows · v1.1.0

1. **Open licensing**
   Click the CAPPA logo and choose Enter / Renew License. For automatic payment, use the Subscription / payment tab.

2. **Select wallets and duration**
   Tick the wallets to license. One invoice can cover up to 200 wallets. Choose NACKL or SHELL and 30, 60, 90, 120, 150 or 180 days. Automatic renewal allows up to 180 days remaining per wallet.

3. **Send the amount**
   Enter a discount code if you have one, then select Prepare payment. Once the invoice opens, send the exact amount with both decimals to the recipient shown in the app within 5 minutes. Use the selected currency.

4. **Check payment**
   Select I've paid, activate license. Confirmation can take about 10 minutes. A timely payment can be verified after the countdown ends. Send the payment only once.

5. **Manual license code**
   For manual licensing, tick the wallets, choose Copy names for manual licensing and send the list to CAPPA. The license is assigned by wallet name. Use the License code tab if you already have a code.
